

Manhole Riser 1050-1350

Humes manholes are extensively used throughout New Zealand. Made from strong, dense concrete with ratings typically of 60MPa and above, Humes manholes are capable of withstanding infiltration and attack from corrosive environments.

Manhole Accessories

Humes manholes are complemented with a range of accessories in galvanised mild steel: rungs, ladders, safety landings, grills and clamps. In addition, Titanseal is offered to create a permanent, weather tight sealing of concrete surfaces.

1250 Series Heavy Duty				
04536	PCD1250 HD LID DUCTING			891.000 \$990.01
04534	PCD1250.1060.1450 HD DUCTING			2200.000 \$2,444.46

Concrete Power Poles

Humes Civil offers a range of prestressed concrete power poles. These match the characteristics of hardwood poles: lightweight, equal strength in all directions, similar stiffness, a life in excess of 50 years, and robust enough to be handled over rough terrain without damage. The ideal structural solution to these required characteristics is a tapered hollow tube shape. This provides maximum strength with minimum weight and when made out of high strength prestressed concrete results in a pole that is tough, resilient, durable and economical.
