

# Plastic Culvert Pipe

The tough, lightweight, economical option for rural applications.

# FarmBoss™

FarmBoss™ is manufactured from polypropylene, an extremely tough material with excellent and proven resistance to impact chemical attack and abrasion. FarmBoss™ is UV-resistant so unlike other plastics it will not become brittle.

FarmBoss™ is incredibly strong and light. FarmBoss™ pipe can easily be carried by two men, which means significant savings – in time, labour, machinery and therefore costs. Transportation is easy too – for example FarmBoss™ can be transported on utility vehicles using roof racks, small trailers and farm bikes were appropriate.

The smart design of the twin wall FarmBoss™ incorporates a super smooth inner wall lining and load-defeating corrugated exterior wall which results in excellent flow characteristics. Installation is fast and easy with FarmBoss™. FarmBoss™ is easily and quickly cut on site to lengths to suit the needs of the job – no fuss no hold ups and no hassles.

## FarmBoss™ Range

External Diameter (ED)	250mm	315mm	400mm	500mm
Internal Diameter (ID)	225mm	300mm	375mm	450mm
Item Code	88016	88017	88018	88019
Length	6m	6m	6m	6m
Weight	18kg	34kg	52kg	71kg

## Applications

- Farm and forestry culverts
- Dairy shed runoffs
- Field drainage
- Stream diversions

## Structural Design

FarmBoss™ pipe is classified as flexible. The structural design procedure for buried flexible pipelines is given in AS/NZS 2566.1 and its supplement FarmBoss™ SN6 minimum stiffness is 6000 N/m/m.

## Quality Compliance

FarmBoss™ is manufactured in New Zealand by Waters and Farr, dimensions comply to AS/NZS 5056:2005
