# Telco and Electrical Access Concrete Chambers

Humes manufacture a range of reinforced concrete chambers for use in many applications. Available as one-piece pre-cast units and pre-cast panel assemblies, Humes concrete chambers have Chorus Network Specified Product (CNSP) approval for installation into Chorus NZ networks.

## Applications

- Telecommunications access chambers
- Electrical access chambers
- Railway signalling networks
- Valve chambers
- General access chambers

## Construction

- Precast panel units and one piece assemblies
- Steel reinforced lids and chambers
- Manufactured to Precast Standard NZS 3109:1997
- Fitted with external lifting anchors for easy onsite handling

## Key Features & Benefits

- CNSP (Chorus Network Specified Product) for installation into Chorus NZ networks
- Available for both footway and roadway load requirements
- A range of covers for all sizes and loadings
- Chambers can be custom manufactured for specialist applications, sizes and soft spot locations
- Suitable for concrete, cast iron and aluminium lids
- Panel construction pits are quick and easy to assemble and install
- Composite and Aluminium / Iron cover sets meet AS3996:2006
- Reducer lid (Item code: 80091727) also available

## Footway and Roadway Chambers

### Footway (only)

Item Code	Item Name	Load Rating	Nominal Dimensions span x h x d (mm)	Details	Unit Weight	Total Weight* (Pit + Cover)	External Dimensions* span x h x d (mm)

# Telco and Electrical Access Concrete Chambers

## Rural Chambers

Specific for rural installations, these round pulling pits are quickly and easily installed off the road. Standard concrete lids can be supplied.

Non-trafficable / off-road								
Item Code	Item Name	Unit Height (mm)	Unit Weight	Total Weight	Nominal Diameter (mm)	Nominal Height (mm)	Wall thickness (mm)	Swiftlifts
80087900	Lid + Manhole Insert 1050	100	280 kg	848 kg	1,050	100	100	3.0 t
80090862	Telecom Chamber + Int Base 1050	535	568 kg		1,050	600	35.5	2.0 t

## Cover Sets

Humes offer a full range of cover sets for all our concrete chambers. These are all Standards Marked to AS3996:2006, Class B for footway applications and Class D for roadway applications. Security bolts are available.

## Associated products

Humes stock a wide range of products to complete your network infrastructure projects:

- Plastic access chambers: Humes modular and Channel brands
- Ducting – Polyethylene and PVC
- Fittings – Electrofusion and PVC
- Humebond Epoxy
- Warning Tapes
- Precast Cabinet Bases
